LAUSANNE CONFERENCE RESUMES ITS WORK

ISMET PASCHA ASKS FOR MORE LATITUDE IN HIS DEALINGS

APPEALS TO ANGORA GOVERNMENT TO RELEASE HIM FROM DIRECT ORDERS

MINORITIES COMMISSION MET TODAY TO TAKE UP FINAL PEACE AGREEMENT

Lausanne, Dec. 26—When the Lausanne conference resumed its work after the Christmas recess, Ismet Pasha sent to Angora for a mandate declaring unless he is released from direct orders not to give ground on disputed points, peace is impossible.

The minorities commission met today and others will take up the final details of the peace agreement tomorrow with hopes of reaching an agreement before the New Year, but with little prospect of anything being signed before mid January.

Objections of the Turks to a recess at Christmas, a holiday which they said meant nothing to them, was overcome by Lord Curzon who remained at Lausanne in private conversation with Ottoman delegates.

They reached a further agreement regarding freedom of the straits, the Turks being refused permission to fortify the entrances but being granted the right to a garrison of 3,000 men at Gallipoli with no artillery. The allies hope to clear up one or two minor points for signing so that the Russians will no longer have excuse for remaining at Lausanne.

Agreements regarding the Mosul oil regions which the British wish to attach to Iraq and possess, appear no nearer.

HARD LUCK; THEN COMMITS SUICIDE

(By United Press)

Cleveland, Ohio, Dec. 27—"No home, no relatives, ill health," this laconic note explained the tragedy of M. B. Jones, Detroit, Mich., who was found dead in his room at the Hotel Statler here last night with a bullet wound in his head. The man had registered as M. B. Smith. He was about 40 years old.

SIX MEN ARE HELD AS ROBBER SUSPECTS

(By United Press)

Denver, Colo., Dec. 27—Local police today were in receipt of a report from Santa Fe, New Mexico, that six men were being held there as suspects in the Denver mint robbery. The car the men were driving was riddled with bullets.

CONGRESSMAN SEES NO EXTRA SESSION

LaFOLLETTE BLOC FILIBUSTED WON'T DELAY APPROPRIATIONS, FARM BILLS

Washington, Dec. 26—There is little probability of an extra session of congress immediately after March 4, Representative Martin Madden, chairman of the house appropriations committee, predicted.

Madden took issue with the persistent reports that the LaFollette bloc in the senate, intent on bringing before the public at the earliest moment their pet legislative schemes was preparing to "filibuster" on the appropriation bills in order to force another special session.

"There are two things President Harding might call congress back to Washington for," he declared. "One is appropriations and the other is farm aid, and as congress is going to pass the appropriations measures so quickly that the whole winter will be left to consideration of assisting the farmer, I can safely predict there will be no extra session."

RECORD BREAKING VOLUME OF CHRISTMAS BUSINESS, SHOWS NO "ECONOMIC MISERY"

(By United Press)

Washington, Dec. 16—The record breaking volume of Christmas business indicates that there is no "economic misery" in the United States, and that pessimistic predictions for a business reaction after the holidays have no foundation, the Department of Commerce stated today.

An estimate of business this Christmas

mas indicates that all previous records have been broken, the Department states.

Economic conditions as reflected by the holiday business are fundamentally sound. The department sees the continuation of good conditions for the new year.

FRANCE DROPS RUHR INVASION PLAN ASKS FOR CUSTOM BARRIER

"DIE HARDS" LOSE FIGHT FOR INVASION WITH ANNEXATION

MILITARY INTERVENTION ONLY TO BACK UP CUSTOMS CONTROLLERS

Paris, Dec. 26—France renounced intention of occupying the Ruhr at an extraordinary session of the cabinet presided over by Premier Poincaré on the eve of Christmas it was learned on high authority.

Instead, the French will propose establishment of a customs barrier between the Rhineland Ruhr and Germany without annexation.

Military intervention, according to the new scheme evolved by Poincaré's government, would in this case be reserved for protection of the customs controllers.

Plan Opens Revenue Day The French plan, while constituting a backdown from the stand of the "die hards" that the Ruhr valley must be occupied and eventually annexed, would place the Allies, if they joined in the scheme and France alone if they did not, in a position to levy a considerable duty on all German revenues obtained from the rich Rhineland.

"This is the only manner in which France can hope to be paid," the authority informing the press of the new plan commented.

The idea was worked out yesterday at the extraordinary counsel session which was attended by Louis Barthou.

Expect U. S. Plan Jan. 2

"The question of coercive measures was gone into by the Premier and his ministers with a special eye to the possibility of an American plan for return to participation in European affairs being announced at the conference of Allied prime ministers Jan. 2.

Eventualities which might arise following resumption of this conference were considered it was announced, as well as the possibility of Germany defaulting on payments due Jan. 15.

The ministerial council issued the following official communiqué: "The ministers examined anew the question of reparations and sanctions, particularly the problem of delivery of fertilizer required of Germany." The communiqué further referred to the situation arising from a flat refusal on Germany's part to deliver any amount of fertilizer, however small. The Allies demanded one-tenth of Germany's production, it was stated officially, but when the allied representatives returned from Berlin Saturday night they brought the response from the Cuno government: "Not a grain."

Harding Attitude Soon Made Public

(By United Press) Washington, Dec. 26—President Harding within twenty-four hours will reveal his attitude toward the Borah proposal asking the executive to call an international financial and economic conference to solve the critical European financial situation, it was indicated at the White House.

It is expected the President will send a letter to Senator Lodge tomorrow as debate on the Borah amendment to the naval appropriations bill begins and thus reveal whether he believes the Idaho senator's amendment is to be rejected, amended or approved as it stands.

This letter also may throw more light on the exact plan of the administration for aiding Europe, otherwise the White House was silent today on the moves this government is making in the hope of finding a practical way of solving the European economic problem.

Stand of Administration Washington, Dec. 26—The Harding administration tomorrow may reveal its proposed handling of affairs in the critical European economic crisis. The action of Senator Borah in proposing to amend the appropriations bill and provide for calling an economic conference has caused President Harding to confer with Secretary of State Hughes and various senators.

A substitute to Senator Borah's amendment may be proposed tomorrow by senators which may reflect the attitude of president, secretary of state and senators. The substitute amendment may indicate the United States is willing to join with the allies in investigating the reparations problem.

France Planning Measures Paris, Dec. 26—France appears determined to enforce its reparations demands upon Germany and measures will be discussed at the January 2nd conference. A guardianship of the Rhine-Ruhr lands with custom houses established is contemplated, it is reported.

ANOTHER AFTERMATH OF GREECE'S DEFEAT

(By United Press) Athens, Dec. 26—Another aftermath of Greece's defeat in Asia Minor and subsequent revolutionary wars was enacted Christmas day when formal military degradation was inflicted upon Admiral Goudas and General Stratigos who have been sentenced to life imprisonment.

While this scene was taking place Athens was ripe with reports of a counter-revolution brewing in the capital and many revolutionaries now in control of affairs were reported making preparations to depart.

SOVIET RUSSIA TAKEN AS MODEL

WORKERS PARTY ENUNCIATES PRINCIPAL PLANK IN PLATFORM

(By United Press) New York, Dec. 26—Establishment of a government here similar to Soviet Russia is the principal plank enunciated in the Workers party platform, which is laying plans for the 1923 campaign program.

It calls on a campaign "to inspire in labor unions a revolutionary purpose and to unite in a mass movement of uncompromising vigor against capital."

The key to the success of a Red Labor Internationale lies within the unions, but it is folly to attempt a party success with the unions alone, said the party secretary, C. E. Ruthenberg. The cooperation of farmers and all labor must also be sought said he.

URGE PEACE WITH IRISH FREE STATE

Dublin, Dec. 26—A meeting of Sinn Féin clubs here today passed a resolution urging convocation of a national Sinn Féin congress to arrange peace with the Free State.

DISTRESS SIGNALS RECEIVED BY 'NEW COLUMBIA' CAPTAIN

LATTER BOAT, STORM SWEEP PUTS IN AT QUEENSTOWN HARBOR

"CELTIC" AND "CARMANIA" HAD DECKS AND LIFEBOATS SMASHED

Queenstown, Ireland, Dec. 26—Three vessels are believed to have gone down in the severe storms which swept the Atlantic coast, according to the captain of the "New Columbia", which made the harbor here today.

The "Celtic" and "Carmania", with decks and lifeboats smashed, reported experiencing the most terrific gales in twenty years.

The "New Columbia" captain reported receiving distress signals from three vessels just when the storm reached its height, and subsequently he could get into no further radio communication with them.

KELLER, FEARING EXPULSION, SUFFERS NERVOUS COLLAPSE

MINNESOTA CONGRESSMAN GETS INDEFINITE LEAVE OF ABSENCE

REPORT FAVORABLE TO DAUGHTER TO BE PRESENTED AFTER HOLIDAYS

Washington, Dec. 26—Representative Oscar E. Keller of St. Paul, is suffering from a nervous breakdown as a result of his experiences since he sought the impeachment of Attorney General Harry M. Daugherty. It has been necessary for him to obtain indefinite leave of absence from the house, the request being made by Representative Frank Clague.

Mr. Keller declared when he introduced his resolution looking to the impeachment of the attorney general that there was ample evidence to justify such action. He failed to produce that evidence, and also refused to answer a subpoena calling upon him to appear before the house judiciary committee and testify. Members of the committee were incensed at his conduct, and some of them even went so far as to say that they believed Mr. Keller himself confided to members of the Minnesota delegation that he feared expulsion. The strain brought on a nervous attack.

Mr. Keller, however, is not out of the woods. The judiciary committee will present to the house a report favorable to Mr. Daugherty shortly after the holidays. Following that, a subcommittee of the house judiciary committee will consider Keller's refusal to answer the summons to appear before the committee, and it is possible that a resolution will be presented to bring Mr. Keller before the bar of the house, to be censured by the speaker.

Representative Charles R. Davis of the third district, is another member of the Minnesota delegation who is confined to his home, with little prospect of attending the house for some time. Mr. Davis' illness began with a severe cold, and later developed a trouble similar to rheumatism.

GIRL WITH HIM WOUNDED BY A SHOT AND IS STILL UNCONSCIOUS

(By United Press) Deer Trail, Colo., Dec. 26—Police today sought to link a mysterious telephone call and an automobile in the baffling murder of Howard Hamilton, 24, of Denver and the serious wounding of Miss Pearl Couer, 18, also of Denver. The two were fired upon late Saturday night by an unknown assailant as they left the dance hall here.

Howard was almost instantly killed. Shortly before the attack Miss Couer, according to police, called a local garage and asked the proprietors to watch out for a certain automobile. Authorities believed they might find a clue to the identity of the slayer the car. The girl has been unconscious since the shooting.

FORCED TO PLAY "WATER BOY," HE MADE NOTE OF ALLEGED MURDERERS

(By United Press)

Mer Rouge, La., Dec. 26—A man forced to play "water boy" for the band of hooded men while they carried on their work of flogging and murdering Watt Daniels and Thomas Richards last August, will be the state's chief witness, officials revealed today.

Evidence of Berry Whetstone, a farmer, forced to accompany the masked mob lead to the arrest of his kinsman T. F. Burnett in connection with the murder and furnished information on which twenty others probably will be accused.

Whetstone, carrying water from a nearby farm for the thirsty mob after being terrorized, sat on a log and made mental notes of the members as their masks were lifted for a drink from the bucket.

After relating his experiences to department of justice agents and state authorities, Whetstone was spirited away to protect him from possible vengeance.

Burnett confined to jail at Bastrop following Whetstone's account of the terrorists activities and the finding of

the bodies of Daniels and Richards in a lake, announced his defense would be based on an alibi.

Openly Declared "Mistake Had Been Made"

Mer Rouge, Louisiana, Dec. 26—Powers as mysterious as those involved in the crime connived today to clear from blame those suspected of the flogging and murder of Watt Daniels and Thomas Richards.

Outside of one or two persons understood to have given state and federal investigators extensive evidence, the citizens of Mer Rouge and vicinity maintained a silence and carried guns to back up that silence.

Scores of Louisiana clannish farmers and townsfolk visited T. F. Burnett in jail on charge of murder in connection with the killings and were open in their sympathy toward him. Among these visitors were several parish officials. They openly declared a "mistake has been made".

An arrest will be made within 48 hours federal authorities announced today.

SARAH BERNHARDT GREATLY IMPROVED

(By United Press)

Paris, Dec. 26—Sarah Bernhardt, greatly improved today, was able to arise from her bed. The famous actress, who has been critically ill last week, brought rejoicing to hundreds of friends and prominent society and theatrical personages who had gathered at her home following reports she was dying. On December 17 she was stricken with a fainting spell while rehearsing in Sacha Guitry's new play.

Proposed Action Unbelievable

Brainerd has decided not to sell the corner of the new court house grounds for a filling station, and has rejected the offer of \$3,000 for the site. What strange ideas some towns get—work for years to get a suitable plot of ground, pay much money for a magnificent building to occupy the site, and after all this effort to consider an attempt to destroy the beauty of the whole scheme by cluttering up the scenery with a filling station. It is not surprising that parties would recognize the business value of such a location for their station, but it is almost unbelievable that a board of county commissioners would even entertain such a proposition, much less letting it go as far as it did in this instance.—Pillager Herald.

YOUNG MAN SHOT AND KILLED AFTER LEAVING DENVER DANCE HALL

GIRL WITH HIM WOUNDED BY A SHOT AND IS STILL UNCONSCIOUS

(By United Press) Deer Trail, Colo., Dec. 26—Police today sought to link a mysterious telephone call and an automobile in the baffling murder of Howard Hamilton, 24, of Denver and the serious wounding of Miss Pearl Couer, 18, also of Denver. The two were fired upon late Saturday night by an unknown assailant as they left the dance hall here.

SEARCHING FOR MISSING TUG

(By United Press) Cleveland, Ohio, Dec. 26—Search for the missing tug, "Cornell", which left here for Buffalo Thursday with a crew of eight men, has been instituted by a fleet of tugs and an airplane. It is believed the tug went down in the storm.

"POISON HOOTCH" SPREADS DISASTER IN NEW YORK CITY

TOLL CHRISTMASTIDE INCLUDES SIX DEAD, TWELVE IN HOSPITALS

BRIGHT LIGHT DISTRICT WAS A REGULAR SAHARA FOR DRYNESS

(By United Press)

Outside of New York City where poisoned booze consumed on Christmas claimed a half dozen victims, the United States was markedly free of deaths from illicit alcohol this year. Two lost their lives through drinking a bootleggers liquor in southern Ohio, one died in Oklahoma and one in Boston where 27 victims are reported in a serious condition.

The toll of deaths from automobile and Christmas fire accidents also was the highest reported, four being killed in the streets and four dying from burns.

Deaths from automobile accidents were reported from Youngstown, Ohio; Portland, Pittsburgh, Philadelphia, Detroit, St. Paul, and points in Oklahoma.

A half dozen persons were reported killed in gun fights in several instances allegedly the result of participants having drunk bad liquor.

New York, Dec. 26—Six persons are dead and twelve known to be in hospitals suffering from "poison hootch" following New York's "driest Christmas."

One of the dead is a woman who was found unconscious in the street. The police statement is to the effect that the bright light district was a Sahara on Christmas night. Not a single intoxicated person was taken to appear at the West Side police court. The gaiety of cafes and cabarets was transferred to homes where possible. Pedestrians, friends and police, found the victims of "poison hootch" in streets, alleys and apartments.

More Alleged Poison Hootch Peddlers

Shelby, Ohio, Dec. 26—Two alleged poison booze peddlers are charged with murder following the death of one man and the partial blindness of two others. The alleged peddlers of the hootch, now in custody, are Ralph Weiganott and Lester Elston.

Sob as They Viewed Corpse

Shelby, Ohio, Dec. 26—Two bootleggers sobbed like broken hearted children as they viewed the corpse of Ralph Longley "poison hootch" victim in the morgue here today.

They confessed to making and selling the moonshine whiskey which brought a Christmas eve revelry to a tragic climax killing Longley and at least temporarily blinding two others but declared their innocence of the murder charge that has been placed against them.

The bootleggers are Philip Weiganott and Lester Elston.

HALTS TRAIN TEN FT. FROM SURE DISASTER

ATTEMPT MADE TO WRECK SANTA FE FLIER NUMBER 5 ON MONDAY NIGHT

(By United Press) Joliet, Ill., Dec. 26—An attempt to wreck the Santa Fe flier No. 5, west bound, was narrowly averted here last night. The train was halted ten feet from a torn out rail.

The engineer observed two men fleeing from the scene. Fourteen spikes had been drawn from the rail. The passengers were shaken up by the sudden halting of the train, but no one objected when the cause for it was ascertained.

Federal investigators have been assigned to the case.

CONSERVATIONISTS UNDER PINCHOT WIN A SIGNAL VICTORY

"FIGHT TO CONSERVE THE LAWS OF THE COUNTRY" INSTITUTED

FORESTRY BUREAU MAY NOT BE TRANSFERRED TO DEPARTMENT OF INTERIOR

(By United Press)

Washington, Dec. 26.—Conservationists of the "Rooseveltian days" under the leadership of Governor-elect Pinchot of Pennsylvania have won an important victory in their "fight to conserve the laws of the country" it was learned here today.

As the result of recent conferences here a pledge has been obtained by President Harding that in the government reduction plan now under consideration the executive will not approve of the transfer of the Forestry Bureau from Secretary Wallace's department of agriculture to Secretary Fall's department of the interior.

Conservationists have been strongly opposing this transfer on the grounds that under Secretary Fall's policies regarding public lands too much of the diminishing timber reserve of the country would be opened up for cutting by private interests. Timber lands in the country is not being cut four times as fast as it is being reforested, the conservationists claim.

The President's decision not to subject his reduction to the armed opposition of the conservationists but providing for the transfer of the forestry bureau to the department of interior involved a question that has threatened to mar the peace of his cabinet for a year.

Secretary of Agriculture Wallace backed by both the conservationists and leading members of the farm bloc and congress was absolutely opposed to the transfer. Fall strongly favored it, and reports have been current here that the interior secretary might resign as the result of the president's action.

SEARCHING FOR MISSING TUG

(By United Press)

Cleveland, Ohio, Dec. 26.—Search for the missing tug, "Cornell", which left here for Buffalo Thursday with a crew of eight men, has been instituted by a fleet of tugs and an airplane. It is believed the tug went down in the storm.

WEST BRAINERD COMMUNITY XMAS

Despite the Addition to Riverside School It Could Not Accommodate All the Guests

EXERCISES FRIDAY EVENING

Teachers Mrs. Adeline Smiley, Miss Sigrid Stendahl and Mrs. McKee are Praised

Despite the addition to the school Riverside could not accommodate its guests at the Community Christmas tree held Friday evening. The Riverside folk are fortunate indeed in having such splendid teachers as Mrs. Adeline Smiley, Miss Sigrid Stendahl and Mrs. McKee. Their Christmas sale of Red Cross Seals amounted to \$5.00, divided as follows: Mrs. Smiley \$2.60, Miss Stendahl \$1.95, Mrs. McKee 45c.

The work devoted to trimming the rooms and preparing the various pupils for the program deserves special comment.

At the close of the program all but the Xmas tree lights were turned out and one by one, each of the 175 children, was called to the front to receive an apple and box of candy. This was one of the prettiest parts of the program.

The Riverside school program was as follows:

EXPEDITION CLIMBS MT. ETNA AND PHOTOGRAPHS CRATER FOR FIRST TIME

For the first time in history, the depths of Mt. Etna's crater has been explored and photographed. An expedition organized and led by Signor Romagnoli, made the ascent of Mt. Etna in a temperature that averaged about 20 below zero. The ascent, exploration and return lasted for twelve days, the descent into the crater being the most difficult part of the trip because of the poisonous fumes and gasses emanating from the crater, which has been calm and inactive since 1911. LIBRARY CHATS

(Mrs. Clara T. Jones, Librarian)
Is your library a paying proposition.

Whenever public money is being spent for public use, then that public has a right to know whether or not it is getting value received.

For that reason the following figures are submitted to the public that it may judge for itself whether the money expended for library use is bringing in proper returns. These figures are taken from the report of the latter half of the month of November:

Circulation

Adult, 205 non-fiction, 1058 fiction. Juvenile, 321 non-fiction, 692 fiction. Making a total of 2276 books.

Patronage

Ladies 332, men 152, girls 591, boys 822, H. S. girls 381, H. S. boys 276. Making a total of 2554 people who made use of the library during the latter half of November.

On an average then, 182 people use the library daily and draw out 162 books. To serve all of these people, there is just one person on the library force.

Is there any other business in Brainerd that can show the same amount of service during a six hour period?

More and better service could be rendered if our funds were greater. A separate room for children is a necessity, and all cities the size of Brainerd are equipped with a children's room. It seems a pity that our children can not have the same opportunity. Then too the librarian, in addition to serving all the people who come to the library must do all the repairing of books, preparing new books for circulation, cataloging books, and all other work required in a library. An assistant would greatly facilitate this work. Branch libraries have been talked of, but funds are inadequate.

Since one mill levy is not enough to do the work required of the library, let us hope that the council may see their way clear to add to this levy.

The Public Library is the greatest institution in the city for the continuous education of the adult and is second only to the public schools in the education of the children of the city. You may continue your education by using the books in your city library. Are you interested in Literature, History, Travel, Science, Religion, Business books, Psychology? Books on all of these subjects may be obtained at the Library. If you have no card get one today. Two thousand nine hundred one (2901) of your fellow citizens have cards and are using them.

Holcombe-Sabin

A very pretty home wedding was solemnized on Thursday of last week, when Miss Hazel Ida Sabin became the bride of Charles H. Holcombe.

Miss Sabin is a daughter of Mr. and Mrs. Bert Sabin of Mission Lake, where the wedding took place.

The groom is a resident of St. Paul and is a very promising young man.

The happy couple will make their home in St. Paul. The Dispatch joins in congratulating these young people and wishing them success through life.

BRAINERD SONS AND DAUGHTERS

Host of Them Arrive Home from Various Colleges for Holiday Vacation Here

MANY FROM MINNESOTA "U"

Other Groups from Carleton, from Macalester and Many State Teachers Colleges

Brainerd is host to her sons and daughters, home for the holiday vacation from the various colleges of the state. The list of young people who are seeking a higher education is a long one, and certainly a credit to this city.

The University of Minnesota claims the largest majority, by far, at least 20 being enrolled in this institution alone. As near as could be learned, only two are attending school outside of the state. Five are at the St. Paul Law School.

Those attending the University include: George Engstrom, Clifford Stoner, Dagfred Olson, Donald Closterman, Kathleen Gemmell, Myrne Downie, Leslie Crosswell, Morris Stoner, Irene Evans, Harold Betzoll, Werner Mahlum, Eugene Erickson, George Sargent, Oliver Cook, Ben Zakariassen, Ralph Peterson, Dan Clark, Robert Hill, Erwin Lagerquist and Ingolf Dillan.

Attending Carlton College at Northfield are John Gemmell, Harold Jones, Irene Quinn, Virginia Case, Kent Angel and Howard Houghton.

Miss Dorothy Fisher attends Macalester, Miss Theodora Hillard and Clayton Mayo at Hamline, Miss Margaret Webb at Miss Wood's Kindergarten School, Minneapolis, Harold Cullen at St. John's. The Misses Georgia Drexler and Gladys Lagerquist at St. Olaf's, Northfield.

The Misses Ida Holden and Beatrice Peters are students at the state Teacher's college at Winona, Helen Holden and Norma Hagberg at the state Teacher's college in St. Cloud, Irma and Mildred Seegar are at St. Mary's Hall, Faribault, Marguerite, Katherine and James O'Brien at St. Joseph's school. Miss Ruth Ellingboe is a student nurse at the Swedish hospital, Minneapolis.

John Thabes is attending the medical college in Ann Arbor, Michigan, and Miss Alice Regina Johnson is studying music at the American Conservatory of Music, Chicago.

Attending the St. Paul Law School are Clarence Sheffield, Abner Swanson, Arthur Weber, Donald I. Ryan and Harry M. Wolvert.

The Radio in the Hospital

latter development is now going on for radio in Minneapolis and elsewhere.

The rehabilitated service men of this city plan a novel Christmas gift for their sick buddies. Each hospital-fast veteran is to be provided with a receiving set. He may be confined to a bed or to a chair, he may be blind or broken in limb, but the world, in speech and song, will be brought to him. Instruction and amusement will come flooding in to him from the best artists and entertainers all over the country.

A hospital experience today is not the sad and even tragic affair it once was. The convalescent soon learns there are helpers awaiting him.

WEST BRAINERD COMMUNITY XMAS

Despite the Addition to Riverside School It Could Not Accomodate All the Guests

EXERCISES FRIDAY EVENING

Teachers Mrs. Adeline Smiley, Miss Sigrid Stendahl and Mrs. McKee are Praised

Despite the addition to the school Riverside could not accomodate its guests at the Community Christmas tree held Friday evening. The Riverside folk are fortunate indeed in having such splendid teachers as Mrs. Adeline Smiley, Miss Sigrid Stendahl and Mrs. McKee. Their Christmas sale of Red Cross Seals amounted to \$5.00, divided as follows: Mrs. Smiley \$2.60, Miss Stendahl \$1.95, Mrs. McKee 45c.

The work devoted to trimming the rooms and preparing the various pupils for the program deserves special comment.

IMMIGRATION AND LABOR SURPLUS

AT THIS time, when certain leaders in industry are demanding that the bars be lowered so that many more immigrants may be admitted each year to the United States, it is to be expected that citizens of this country will consider very carefully the inevitable results of such an increase in the alien population within our borders.

While humanitarians and idealists, influenced by sentiment rather than facts, may be inclined to add their voices to those other voices that are making such demands, these should remember that the reasons that prompt them to make such demands of the government of the United States are entirely different from the reasons that lead managers of industries to make such recommendations.

However much those, whose sympathies go out to peoples who suffer in the unfortunate countries of Europe, may wish to offer America as a haven of refuge to these oppressed peoples, it must not be forgotten that unless America is prepared to use the labor of such people when they reach our shores their lot in this country may be little better than it has been in their own lands.

There are two convincing reasons why the bars should not be lowered to allow a large influx of aliens into this country. The first of these lies in the fact, established after a careful study of the question, that the families of people already in this country are larger or smaller in direct relation to the increase or decrease in the number of immigrants admitted. When many immigrants are admitted, the size of native American families is decreased, and when the admission of aliens is restricted the families of Americans are larger. Therefore, the question to be faced is this: Do Americans wish to have this country peopled by their own descendants or by those of immigrants?

The second reason why immigration should not be largely increased lies in the fact that American industries are unable to utilize the labor of those who are already within our borders. It is true that at this time the labor demand is high, and that the threatened shortage of labor is the excuse offered by those who, as leaders of industry, ask that the bars be let down.

The fact of the present high labor demand does not alter the condition in such industries as mining, wherein there are over 200,000 extra men who cannot be utilized by the industry after the present inflated demand for coal has passed. These extra workers will be cast aside altogether, or they will work but a few hours each week as soon as the exorbitant demand for coal, resulting from the shortage growing out of the coal miners' strike, has been met.

There is no sensible excuse for lowering the bars and admitting immigrants in large numbers so long as such conditions obtain. Managers of industry should be required to utilize the labor already present in America in such a way as to secure full time employment for their workers. So long as men are thrown out of work as soon as conditions make their services unnecessary to their employers, and no opportunity is given these men to work at other jobs, the voices of employers of labor who ask for more immigrants to provide cheap labor for them must not be heeded. Labor is already cheap in America. It is so cheap that employers have not found it necessary to provide for the sane use, at full time, of the laborers already here.

Whether the demand for labor is large or small, the demand that life makes upon the laborer continues. He must meet this demand if he and his dependents are to live.

CONVICTED OF BREAKING CONTRACTS

WILLIAM G. LEE, president of the Brotherhood of Railroad Trainmen, when informed that eight men had been convicted of conspiracy to obstruct interstate commerce by their activities last August when they left their trains, said that he was not surprised and that his organization had never sanctioned such violations of contract.

Without knowledge of the evidence introduced during the trial, but with the decision of the jury regularly registered, all fair-minded people will agree that there is no hope of any kind of stability if contracts are deliberately broken.

A great deal of prejudice was aroused against Germany when she was accused of treating, as a scrap of paper, the treaty which she had duly signed guaranteeing that she would not violate the neutrality of Belgium. When such a treaty is violated, or when a definite contract is broken, the public does not consider extenuating circumstances; it is enough for the public that a binding agreement has been broken, and the public does not wait until it has been told of abuses by the other party before coming to its conclusion.

Contracts are worthless unless they are binding, and deliberate breaking of contracts, if passed over without censure, would lead to the breakdown of all organized life in which contracts between parties determine what one party is to do in consideration of certain terms which the other party engages to fulfill. Therefore, when the public sees that a contract has been broken, it decides that either party to the breach of the contract must be speedily condemned, and the public concludes that the submission of claims that the other party to the contract did not live up to its terms does not justify individuals in breaking a contract that is made by an organization to which they belong. Until the organization of which they are members decides that the contract must not stand, it is not for the individual to break the contract. So long as he is a member of the organization he is bound by the contract signed by the organization. If he withdraws from the organization he may do as he pleases, so long as he keeps within the law of the state or the nation. Society demands that contracts made in good faith be considered as inviolable.

MINNESOTA WEEK

IF THE greatest demand of our time is for the release of intelligence, it is necessary that intelligent beings have the data that makes possible intelligent decisions.

Some such thought has led Oscar H. Smith, state immigration commissioner, to suggest that early next year a week be set aside in this state during which all of our citizens will be asked to study the State of Minnesota. The success of Minneapolis week, where

the idea of studying present needs and future possibilities was applied, has led to the suggestion that the same idea be enlarged to include the whole of Minnesota.

Mr. Smith says: "Minnesota ought to find out what it is, what it has, what it needs and what it can make of itself." Such a comprehensive study of our state must have beneficial results. Knowledge of the things mentioned by Mr. Smith will be a foundation on which a larger release of intelligence, expressing itself in cooperative service and unified purpose, will build a better and more prosperous state.

We agree. By all means let us go ahead with such a plan for a constructive study of Minnesota.

PRINCESS ANASTASIA has arrived in her native land, America. Such titles do not grow over here but they come back occasionally to attend to those commonplace, business interests that make them possible.

DON'T JUMP OUT OF BED ON AWAKENING

London, Dec. 19.—Do not spring from bed the moment you wake in the morning. Do not spring from bed at all—take it quietly. This is the advice that the best physicians in London now give to those who consult them.

The old idea was that as soon as you opened your eyes you should fling off the bedclothes, bound to the floor with a display of magnificent vitality, and hurl yourself at the business of the day. It was all wrong. It was unscientific. It took no account of the mental and physical state of the individual on waking.

Physicians who have considered the question lay down an entirely different rule. They advise that five minutes should be devoted to the business of waking up, and that hurry should be avoided. The act of springing from bed is bad, because it accelerates the action of the heart suddenly, after the period of repose, and this in turn excites the brain, with the consequence that the individual becomes unbalanced, and remains in an unbalanced condition for hours, possibly for the rest of the day.

Getting out of bed should be a leisurely, not a hurried, process. The feet should be let down quietly to the floor, and the body then raised gently to a sitting position before standing up. The movements should be gradual and placid. There should be no rush. Body and mind will then come to the day's work in an equitable condition.

Springing from bed is a mistake that tells at once, and tells in the long run. It tends to shorten life.

SULPHUR CLEARS UP ROUGH OR RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, the preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the tor-

ment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Adv't.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time: by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv't.

GIRL, 10, BOY, 8, SHOW HOW THEY ROBBED SAFE

Edna Kaval, 10, and her brother, Joseph, 8, are being held by the police of Chicago as the youngest safe-crackers ever arrested in the history of the Chicago police department. They admitted cracking the safe and flinging themselves into the gay life of movies, shows and sodas, with a part of the loot—\$30.00. The two had been released by the juvenile authorities some time ago, and when Captain Caughlin and juvenile officer Wolpert called at their home to learn how they were getting along, the boy confessed the robbery and the girl admitted helping him. The girl said Joseph held the chisel while she pounded the combination of a safe off with a sledge hammer.

IMMIGRATION AND LABOR SURPLUS

AT THIS time, when certain leaders in industry are demanding that the bars be lowered so that many more immigrants may be admitted each year to the United States, it is to be expected that citizens of this country will consider very carefully the inevitable results of such an increase in the alien population within our borders.

While humanitarians and idealists, influenced by sentiment rather than facts, may be inclined to add their voices to those other voices that are making such demands, these should remember that the reasons that prompt them to make such demands of the government of the United States are entirely different from the reasons that lead managers of industries to make such recommendations.

However much those, whose sympathies go out to peoples who suffer in the unfortunate countries of Europe, may wish to offer America as a haven of refuge to these oppressed peoples, it must not be forgotten that unless America is prepared to use the labor of such people when they reach our shores their lot in this country may be little better than it has been in their own lands.

There are two convincing reasons why the bars should not be lowered to allow a large influx of aliens into this country. The first of these lies in the fact, established after a careful study of the question, that the families of people already in this country are larger or smaller in direct relation to the increase or decrease in the number of immigrants admitted. When many immigrants are admitted, the size of native American families is decreased, and when the admission of aliens is restricted the families of Americans are larger. Therefore, the question to be faced is this: Do Americans wish to have this country peopled by their own descendants or by those of immigrants?

The second reason why immigration should not be largely increased lies in the fact that American industries are unable to utilize the labor of those who are already within our borders. It is true that at this time the labor demand is high, and that the threatened shortage of labor is the excuse offered by those who, as leaders of industry, ask that the bars be let down.

The fact of the present high labor demand does not alter the condition in such industries as mining, wherein there are over 200,000 extra men who cannot be utilized by the industry after the present inflated demand for coal has passed. These extra workers will be cast aside altogether, or they will work but a few hours each week as soon as the exorbitant demand for coal, resulting from the shortage growing out of the coal miners' strike, has been met.

There is no sensible excuse for lowering the bars and admitting immigrants in large numbers so long as such conditions obtain. Managers of industry should be required to utilize the labor already present in America in such a way as to secure full time employment for their workers. So long as men are thrown out of work as soon as conditions make their services unnecessary to their employers, and no opportunity is given these men to work at other jobs, the voices of employers of labor who ask for more immigrants to provide cheap labor for them must not be heeded. Labor is already cheap in America. It is so cheap that employers have not found it necessary to provide for the same use, at full time, of the laborers already here.

Whether the demand for labor is large or small, the demand that life makes upon the laborer continues. He must meet this demand if he and his dependents are to live.

CONVICTED OF BREAKING CONTRACTS

WILLIAM G. LEE, president of the Brotherhood of Railroad Trainmen, when informed that eight men had been convicted of conspiracy to obstruct interstate commerce by their activities last August when they left their trains, said that he was not surprised and that his organization had never sanctioned such violations of contract.

Without knowledge of the evidence introduced during the trial, but with the decision of the jury regularly registered, all fair-minded people will agree that there is no hope of any kind of stability if contracts are deliberately broken.

A great deal of prejudice was aroused against Germany when she was accused of treating, as a scrap of paper, the treaty which she had duly signed guaranteeing that she would not violate the neutrality of Belgium. When such a treaty is violated, or when a definite contract is broken, the public does not consider extenuating circumstances; it is enough for the public that a binding agreement has been broken, and the public does not wait until it has been told of abuses by the other party before coming to its conclusion.

Contracts are worthless unless they are binding, and deliberate breaking of contracts, if passed over without censure, would lead to the breakdown of all organized life in which contracts between parties determine what one party is to do in consideration of certain terms which the other party engages to fulfill. Therefore, when the public sees that a contract has been broken, it decides that either party to the breach of the contract must be speedily condemned, and the public concludes that the submission of claims that the other party to the contract did not live up to its terms does not justify individuals in breaking a contract that is made by an organization to which they belong. Until the organization of which they are members decides that the contract must not stand, it is not for the individual to break the contract. So long as he is a member of the organization he is bound by the contract signed by the organization. If he withdraws from the organization he may do as he pleases, so long as he keeps within the law of the state or the nation. Society demands that contracts made in good faith be considered as inviolable.

MINNESOTA WEEK

IF THE greatest demand of our time is for the release of intelligence, it is necessary that intelligent beings have the data that makes possible intelligent decisions.

Some such thought has led Oscar H. Smith, state immigration commissioner, to suggest that early next year a week be set aside in this state during which all of our citizens will be asked to study the State of Minnesota. The success of Minneapolis week, where

the idea of studying present needs and future possibilities was applied, has led to the suggestion that the same idea be enlarged to include the whole of Minnesota.

Mr. Smith says: "Minnesota ought to find out what it is, what it has, what it needs and what it can make of itself." Such a comprehensive study of our state must have beneficial results. Knowledge of the things mentioned by Mr. Smith will be a foundation on which a larger release of intelligence, expressing itself in cooperative service and unified purpose, will build a better and more prosperous state.

We agree. By all means let us go ahead with such a plan for a constructive study of Minnesota.

TWO BRAINERD HOMES LOOTED

Thieves Ransack Homes of Dr. R. A. Beise and Dr. Henri Ribbel Sunday

STORM WINDOWS PRIED OFF

Authorities Believe it to be the Work of Local Thieves Familiar with Lay of the Land

Brainerd had a taste Sunday of what other cities have been experiencing to a greater extent, when two homes were entered during the absence of their owners and valuables stolen.

Dr. R. A. Beise's home on North Fourth Street was entered on Sunday evening and the rooms plundered. Two storm windows were taken off by the thieves, who then gave up the idea of gaining entrance by that route and instead used a skeleton key on the basement door.

The bed chambers and living rooms were ransacked and it is believed much personal property taken. Bureau drawers were emptied and their contents scattered on the floor, showing a systematic search for valuables. In Miss Ruth Beise's room several jewel cases were emptied and thrown to one side.

The Beise family are visiting relatives in St. Louis over the holidays and the exact loss cannot be ascertained until they return. A telegram was sent to them this morning.

The robbery was discovered by William Ahlgren, who is taking care of the premises during the doctor's absence.

On the same evening the home of Dr. Henri Ribbel, North Fifth Street, was broken into and numerous valuables taken. Dr. and Mrs. Ribbel are spending the winter in California, and the son and his wife are occupying the home during their absence.

The young people were invited out to dinner at Mrs. Ribbel's parents, and it was during their absence that the robbery took place. The burglars took off a storm window and pried the inner window open with an axe which they found in the woodshed. Nearly everything in the house was searched and the rooms left in much the same condition as those of Dr. Beise's.

The thieves even went so far as to search the interior of a mantle clock, which they stopped at 8:25.

The police are working on both cases now, having taken a number of finger prints and following several clues. It is thought that there were at least two implicated, and authorities are working on the assumption that both robberies were the work of the same gang.

It is felt that this was the work of some people residing in Brainerd, who were familiar with the activities of those whose homes were entered and with the "lay of the land" generally.

Deputy Game Warden A. P. Cardle arrested Henry Cox, J. J. Clausen and G. Dickey, who have been operating a fish house on Whitefish lake. The charge against them is that they were shipping fish within the state without having same properly and lawfully tagged. The shipment referred to and seized by Mr. Cardle included 1187 pounds of pickerel and whitefish. This, according to law, must be sold or otherwise confiscated.

Cox, Clausen and Dickey were fined \$10 each, and given suspended sentence on their promise to comply with the game laws in the future.

BRAINERD HAD REAL CHRISTMAS

Good Cheer Really Began Saturday When 96 Boxes of Groceries were Distributed

FREE SHOWS FOR THE KIDDIES

New Park and Lyceum Theatres Packed with Little People—700 Children at Labor Hall

Brainerd had a real big Christmas this year, and one which will be long remembered by everyone.

The good cheer really began Saturday afternoon, when 96 boxes of groceries were distributed to a list of people furnished by the city nurse, Salvation Army, Catholic Ladies and others.

P. T. Brown was in charge of these boxes and was given the use of the Tanner Mill Co's truck, one of the large county trucks and the Brainerd Grocery truck.

It was planned at first to distribute baskets of groceries, but none could be found large enough to hold all the good things that were given to each family, so boxes were substituted instead.

In addition to the groceries, the boxes contained a fine roast of beef, bread and toys for the children.

The buying of the toys was in the hands of Mrs. E. A. Cooke and Mrs. R. A. Beise. Mrs. Cooke wrapping and tagging the gifts herself.

So much appreciation was displayed by the recipients of these boxes that the committee in charge feel more than amply repaid for their efforts.

On Christmas morning every kiddie in Brainerd was invited to attend a free Christmas matinee at either Theatre, and from the packed houses, it would seem that all took full advantage of the opportunity. The shows were scheduled to start at 10:30 but crowds of children were on hand by eight o'clock in the morning.

At the New Park 900 children clapped and shouted over Mary Pickford's interpretation of "Daddy Long Legs" and several reels of fine comedy in addition. Also there were 900 bags of candy and peanuts, 900 packages of gum and the same number of apples distributed to the appreciative "Audience."

At the Lyceum over 500 saw Mary

Alton in her translation of "The Boy with two Mothers." Several comedies were shown here also, and the same "Eats" handed out.

At the Trades & Labor hall Christmas afternoon some 700 children received gifts from Santa Claus and were given a short program.

Over all of this good cheer beams the municipal Christmas tree which is beautifully trimmed and especially lighted every evening. As one citizen remarked, "That tree seems to put just the right finishing touches on the dandy Christmas spirit that is rife in Brainerd, as well as giving the stranger who visits us the right impression of the people in this city."

The tree will be left trimmed and lighted each evening for one week. It is the gift of W. H. Gemmell of the M. & I. R. R., and was installed through the courtesy of the Telephone Company. The lights were arranged by the Water & Light Board.

Special services were conducted in a number of the churches, St. Francis being the first with a Christmas mass at midnight on Sunday night. So many attended this beautiful service that there was not standing room left.

Julotta services were given at the Clara Lutheran church at 5:30 Christmas morning. The church was well filled and the program most inspiring.

On Sunday St. Paul's Episcopal church gave a special service in place of their regular morning sermon, in which the children of the church took a prominent part. This was the first service held in the new basement of the church and was well attended.

Other churches were also well attended Christmas, having special sermons and services.

Bethlehem Lutheran Church

The childrens program will be rendered this evening at 7:30. The program will be a splendid one, well worth attending. All friends of the church are welcome. Come early if you want a good seat.

Dr. R. A. Beise's home on North Fourth Street was entered on Sunday evening and the rooms plundered. Two storm windows were taken off by the thieves, who then gave up the idea of gaining entrance by that route and instead used a skeleton key on the basement door.

The bed chambers and living rooms were ransacked and it is believed much personal property taken. Bureau drawers were emptied and their contents scattered on the floor, showing a systematic search for valuables. In Miss Ruth Beise's room several jewel cases were emptied and thrown to one side.

The Beise family are visiting relatives in St. Louis over the holidays and the exact loss cannot be ascertained until they return. A telegram was sent to them this morning.

The robbery was discovered by William Ahlgrim, who is taking care of the premises during the doctor's absence.

On the same evening the home of Dr. Henri Ribbel, North Fifth Street, was broken into and numerous valuables taken. Dr. and Mrs. Ribbel are spending the winter in California, and the son and his wife are occupying the home during their absence.

The young people were invited out to dinner at Mrs. Ribbel's parents, and it was during their absence that the robbery took place. The burglars took off a storm window and pried the inner window open with an axe which they found in the woodshed. Nearly everything in the house was searched and the rooms left in much the same condition as those of Dr. Beise's.

The thieves even went so far as to search the interior of a mantle clock, which they stopped at 8:25.

The police are working on both cases now, having taken a number of finger prints and following several clues. It is thought that there were at least two implicated, and authorities are working on the assumption that both robberies were the work of the same gang.

It is felt that this was the work of some people residing in Brainerd, who were familiar with the activities of those whose homes were entered and with the "lay of the land" generally.

The Ladies Aid of the German Bethlehem Evangelical church will be held on Wednesday afternoon in the church parlors and will be entertained by the Mesdames Knuteson and Seneka. Everyone is welcome.

IN MUNICIPAL COURT

One Case Intoxication, One Traffic Law Violation, Three Game Law Offenses

Earl Weaver, employed at the Northern Pacific shops, paid a fine of \$15 in municipal court Tuesday morning, being found guilty on a charge of intoxication.

C. H. Schmeltzer forfeited \$2 bail when he failed to appear on the complaint that he parked his automobile on the wrong side of the street considering the direction in which he was driving.

Deputy Game Warden A. P. Cardie arrested Henry Cox, J. J. Clausen and G. Dickey, who have been operating a fish house on Whitefish lake. The charge against them is that they were shipping fish within the state without having same properly and lawfully tagged. The shipment referred to and seized by Mr. Cardie included 1187 pounds of pickerel and whitefish. This, according to law, must be sold or otherwise confiscated.

Cox, Clausen and Dickey were fined \$10 each, and given suspended sentence on their promise to comply with the game laws in the future.

Young People's Social

A social will be given at the Swedish Baptist church Wednesday (tomorrow) evening by the Young Workers society. After the program refreshments will be served. Friends of the young people are welcome. The following program will be rendered:

BRAINERD HAD REAL CHRISTMAS

Good Cheer Really Began Saturday When 96 Boxes of Groceries were Distributed

FREE SHOWS FOR THE KIDDIES

New Park and Lyceum Theatres Packed with Little People—700 Children at Labor Hall

Braierd had a real big Christmas this year, and one which will be long remembered by everyone.

The good cheer really began Saturday afternoon, when 96 boxes of groceries were distributed to a list of people furnished by the city nurse, Salvation Army, Catholic Ladies and others.

P. T. Brown was in charge of these boxes and was given the use of the Tanner Mill Co's truck, one of the large county trucks and the Brainerd Grocery truck.

It was planned at first to distribute baskets of groceries, but none could be found large enough to hold all the good things that were given to each family, so boxes were substituted instead.

In addition to the groceries, the boxes contained a fine roast of beef, bread and toys for the children.

The buying of the toys was in the hands of Mrs. E. A. Cooke and Mrs. R. A. Beise. Mrs. Cooke wrapping and tagging the gift herself.

So much appreciation was displayed by the recipients of these boxes that the committee in charge feel more than amply repaid for their efforts.

On Christmas morning every kiddie in Brainerd was invited to attend a free Christmas matinee at either Theatre, and from the packed houses, it would seem that all took full advantage of the opportunity. The shows were scheduled to start at 10:30 but crowds of children were on hand by eight o'clock in the morning.

At the New Park 900 children clapped and shouted over Mary Pickford's interpretation of "Daddy Long Legs" and several reels of fine comedy in addition. Also there were 900 bags of candy and peanuts, 900 packages of gum and the same number of apples distributed to the appreciative "Audience."

At the Lyceum over 500 saw Mary

Alton in her translation of "The Boy with two Mothers." Several comedies were shown here also, and the same "Eats" handed out.

At the Trades & Labor hall Christmas afternoon some 700 children received gifts from Santa Claus and were given a short program.

Over all of this good cheer beams the municipal Christmas tree which is beautifully trimmed and especially lighted every evening. As one citizen remarked, "That tree seems to put just the right finishing touches on the dandy Christmas spirit that is rife in Brainerd, as well as giving the stranger who visits us the right impression of the people in this city."

The tree will be left trimmed and lighted each evening for one week. It is the gift of W. H. Gemmell of the M. & I. R. R., and was installed through the courtesy of the Telephone Company. The lights were arranged by the Water & Light Board.

Special services were conducted in a number of the churches, St. Francis being the first with a Christmas mass at midnight on Sunday night. So many attended this beautiful service that there was not standing room left.

Julotta services were given at the Clara Lutheran church at 5:30 Christmas morning. The church was well filled and the program most inspiring.

On Sunday St. Paul's Episcopal church gave a special service in place of their regular morning sermon, in which the children of the church took a prominent part. This was the first service held in the new basement of the church and was well attended.

Other churches were also well attended Christmas, having special sermons and services.

Bethlehem Lutheran Church

The childrens program will be rendered this evening at 7:30. The program will be a splendid one, well worth attending. All friends of the church are welcome. Come early if you want a good seat.

DON'T START MOURNING FOR KILBANE

By HENRY L. FARRELL
United Press Sports Editor

New York, Dec. 26.—Johnny Kilbane has long been regarded as the most promising candidates among the pugilistic title holders for the order of the "exes." It has been the popular belief for several years that all the feather-weight champion needed to join the list of former titleholders was to meet somebody good.

Since he has been matched to meet Eugene Ciriqli, the Frenchman, in New York next May, seats on the mourners bench probably will be gathered up now by the scalpers.

Ciriqli is the European and French featherweight champion and if that means anything, he ought to be some good and if the dope holds out, he ought to be the good one that has been hanging as a threat over the Cleveland Irishman for this long time.

Dope is no more reliable in its application to the ring than it is to football and for this reason, mourning should not be done too soon for Kilbane.

Kilbane has hung out to that title for a long while, because he is a smart "old man" and there is no evidence to show that he has fallen from his shrewd ways.

Kilbane would not have agreed to a match with Ciriqli if he felt that his title was in any great danger.

Ciriqli may be good in Europe, but he will have a tough time beating a champion who has a knockout punch in both elbows and both knees. Kilbane has it.

Kilbane can't go on forever, however. He is no better than Jack Britton and it is doubtful if he is as good as the former welterweight champion who kept going by fighting. Kilbane hasn't done a thing in the ring for two years and his last appearance against Danny Frush was anything but a boost for the game that has put the featherweight champion on easy street.

"Peacock Alley" at New Park

It is not often that motion picture fans are given the opportunity to see the latest and most stylish costumes presented by one of the most attractive artists of the screen in a story vibrant with romance and adventure, but that is what Mae Murray's latest picture, "Peacock Alley," is. It will be shown at the New Park Theatre last time tonight.

In this Metro release for Tiffany Productions, Inc., presented by Robert Z. Leonard, Miss Murray portrays the part of a Parisian dancer, who, as the darling of the famous city of pleasure, is feted and adored for her daring and artistic creations. She falls in love with a youthful American, a small town boy, and goes back to his home only to find that the people of the little village are scandalized at his French wife. The rude awakening among the bright

niece, who becomes extremely jealous when she finds that he is interested in another woman next door. All ends well, however, when this woman is the old mother who has been hidden away because she did not feel she was welcome in the new surroundings.

It's disguised I am as a workman now!

"Grand Larceny," the photoplay at the Lyceum Theatre, Wednesday & Thursday is a Goldwyn offering that presents a phase of modern life that many are all too familiar with. It tells the story of a social parasite who carries on his depredations outside the pale of the law. The robber of property can be put in prison, and the man he has injured can obtain some legal satisfaction. But what balm is there for the man who has been robbed of his wife's love?

That is the situation raised in "Grand Larceny," and superbly presented by an excellent cast of Goldwyn players. Claire Windsor, a newcomer to Goldwyn pictures, is the woman who is made a plaything of two men. The role of her husband is played by Elliott Dexter, who also appears for the first time in a Goldwyn picture.

Spectacular love drama coming with Rudolph Valentino and Gloria Swanson.

It has just been announced that Elinor's Glynn's famous novel "Beyond the Rocks" with Rudolph Valentino and Gloria Swanson is to be shown at the Lyceum next Sunday, Monday, and Tuesday.

FRESH OUTBREAKS REPORTED IN ERIN

(By United Press)
Dublin, Dec. 22.—Persons on railway property without authorization were ordered shot on sight by the Free State today as the result of fresh outbreaks of incendiarism and bombings by Republican insurgents.

A bloody Christmas was feared as the rebels ignored an ultimatum that four of their number now in prison and condemned to die would be executed if outrages continued.

Free State troops continued to storm Republican strongholds. Eight civilians including a mother and daughter were wounded when insurgents in a motor lorry raced through Cork bombing the streets. One man was killed and two women and a free state private were wounded when government troops attacked armed rebels in a Dorset street stronghold.

Proposed New Marriage Laws

Mrs. Edith E. Williams, of Dallas, Tex., who has been elected to the state legislature, and who has prepared a bill, which if passed, will require all applicants for marriage licenses, both men and women, to submit a physi-

cian's certificate to the effect that they are in good health.

Must Give Service.

The man who fails to render to society the service of which he is capable has no claim on it. Indeed, he forfeits all consideration from society and, for what he receives from it, becomes in the full meaning of the term a "subject for charity."

A "Touching Tale."

Many persons who admit their mistakes put the admission in the form of a hard-luck story.—Boston Evening Transcript.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, Ohio.

Your Attic is Filled With Dollars

Go up in the attic! Look at the old furniture you have put away there—at the trunks filled with clothing which you no longer wear.

There are potential dollars in that "odd" armchair—in the baby's buggy—in the wearing apparel for which, though it is still in good condition, you have no further need.

Why not sell all these old things stored away under the eaves and use the money to purchase newer and more appropriate things for yourself? Among the thousands of readers of the Daily Dispatch there are many who are looking for just what you have to offer.

You will reach every one of this large circle of ready buyers easily, quickly, economically, and through a medium in which they have entire confidence, when you advertise your things for sale in the Classified Columns of the Daily Dispatch.

lights of Broadway gives this story a turn which makes it one of the most dramatic offerings of the screen. "Peacock Alley" is typically a Mae Murray picture. Its gorgeous settings and the costly costumes of the star are outstanding features in an offering which at its special showing in New York won the unstinted praise of the critics as being the most beautiful and gorgeous production of the screen. The cast supporting Miss Murray is a most notable one and includes Monte Blue in the leading male role, Edmund Lowe, W. J. Ferguson, Annes Randolph, William Tooker, Howard Lang, William Frederick, M. Durant and Jeffry Lewis. "Peacock Alley" is by Edmund Goulding based on a story by Ouida Bergere. It was directed by Robert Z. Leonard and photographed by Oliver T. Marsh.

At the Lyceum....

There is a charming Irish comedy drama showing at the Lyceum tonight with Mary Alden the mother of the "Old Nest" featured.

The Story—Treats of the adventures in America of an Irish lad who has inherited a fortune grown from a junk business. Arriving from old Erin with his real mother, he finds that all is not well with the way the business is being run and proceeds to "clean up" in a most efficient manner. He falls in love with his aunt's

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.
